

Walpole Recycling Information 2011-2012

This year the Town of Walpole will be planning for a new recycling and solid waste contract to begin **July 1, 2012**. Please call or e-mail the Walpole Health Department with ideas/suggestions for our new contract. **(508-660-7321 or rchapell@walpole-ma.gov)**.

THANK YOU FOR RECYCLING!

Did you know...

Greenhouse gas emissions are reduced by Massachusetts recycling: Recycling reduces greenhouse gas emissions and helps stem the dangers of global climate change by reducing the amount of energy used by industry. Much of the energy used in industrial processes for new materials and in its transportation involves burning fossil fuels like gasoline, diesel and coal and this causes carbon and other greenhouse gas emissions to get into the environment.

Please do your part and recycle all you can.
