Walpole Steering Committee Discussion - Introspective Questions

Ms. Politis led the committee through a “roundtable” style discussion on introspective questions concerning the Master Plan. The six primary questions asked by Ms. Politis were the following:

- What do you hope the master plan achieves;
- What do you think is the purpose of a master plan;
- What would make this master plan a success;
- What concerns, in any, do you have about the process or content of the plan;
- What issue(s) do you think the plan should absolutely cover; and
- What trends (regional, national, other) do you feel the Plan should take into account?

Each present member of the Committee provided their individual feedback to the questions asked by Ms. Politis. This opportunity allowed for Committee members to explain their own thoughts on the Master Plan process.

Mr. Czachorowski thanked the group and Ms. Politis for their involvement in the meeting which he stated was very productive and helpful.

Mr. Czachorowski stated that due to the current quorum and time they would follow up on the other agenda items at a later date.

Mr. Deschenes stated that the inventory & assessment sheets were still not available at that time and that he would inform the group when that information would become available.

Ms. Politis stated that the inventory & Assessment information should be available on March 18th and that comments would be expected back by April 15th.

The meeting dissolved at 8:41 after falling below quorum as Mr. Flowers, Mr. Maffei, Mr. Bebis, and Ms. Denitzio had to leave the meeting early for other obligations.

Meeting concluded at 8:41 P.M.
