RE: Revolving Fund from Flu Vaccine Administration
Reimbursements to Council on Aging
DATE: April 8, 2014

The Health Department is seeking reimbursement through Medicare and private insurers for distributing flu vaccine to Walpole seniors. The Walpole Visiting Nurses Association and Medical Reserve Corps volunteers administered 690 doses of flu vaccine for us this year. Medicare and private insurance reimbursement for FY2014 is pending. The Council on Aging uses these funds for nutrition and fitness programs, dental programs, emergency heating assistance and senior wellness programs. Currently there is \$5742.89 in the revolving fund.

RE: Report Revolving Fund for Compost Bins
DATE: April 8, 2014

This revolving fund was set up so the Town could receive start up compost bins from the Department of Environmental Protection, sell them at a very reduced cost to homeowners to encourage composting, use the monies we collect to buy more and keep selling them until the monies run out. We have sold 1028 compost bins since the start of the program to Walpole residents. Since my last report we sold 28 more bins at \$20/bin. We purchased 21 more bins at a cost of \$1,113.00. Presently we have \$967.26 remaining in the revolving fund.
