Dear ZBA,

I am writing to express my absolute opposition and disapproval to this disgrace being shoved into South Walpole without any consideration to the tax paying neighbors who will bear the brunt of it. 6 stories and 300 plus units? This would be comical if it wasn't in my neighborhood. Most of us chose to live in Walpole not Southie.

Why do we have zoning laws, a zoning board and town counsel if we're willing to just crawl away and give some \$\$\$\$greedy\$\$\$\$ outside developer whatever he asks for? We're going to grant waivers to override zoning laws meant to protect us? Why? This is an absolute disgrace! This greedy outsider should be fought every single inch not given whatever he pleases. This is a loser mentality to give him any concessions because of what might occur in some possible appeal.

Disgusted.
