Re: Special Permit
300 Stone Street

Date: November 12, 2020

The Board of Health at its November 10, 2020 meeting voted unanimously that they are not in favor of construction within the wetland buffer zone. The Board urges the applicant to adopt the standard best practices for mosquito mitigation and work with Norfolk County Mosquito Control for spraying and standing water treatments, institute regular cleaning of gutters and provide proper grading of buffer zone areas in order to prevent low points that draw and hold water.
