Hello Amy, my name is Kristin Morrison and I live at 6 Dupee Street. A public hearing on a Comprehensive Permit is scheduled for May 20th. I found nothing on the website to indicate that the hearing has been postponed and I believe it should be so that interested parties can attend in person to voice their comments. Should this Permit be allowed, it will have a huge impact for several reasons on me and my property as well as the other neighbors. I look forward to hearing from you. My telephone is 508-668-1383 if you wish to call. Thank you. Kristin Morrison
