

Dear ZBA,

Thank you for this very thoughtful meeting tonight.

I would like to request that if you go the route of choosing 5 stories because you feel 4 is uneconomic, please get proof of this via a pro-forma. There should be proof given that 4 stories is in fact uneconomic. A 31 unit reduction isn't going to make a dent in the severe negative impact to South Walpole, but a 62 unit reduction could mean the world. Residents down here think an appeal is worth the fight. Our neighborhood is worth the fight.

Thank you,

Erica Burdon
