

**APPLICATION FOR COMPREHENSIVE PERMIT
APPLICANT - WALL STREET DEVELOPMENT CORP.
DIAMOND HILL ESTATES - WALPOLE, MA
PRELIMINARY REQUEST FOR WAIVERS
FEBRUARY 27, 2020**

INTRODUCTION

The Applicant, Wall Street Development Corp., requests waivers from certain local bylaws, regulations and other requirements in connection with the proposed development entitled "The Residences at Burns Avenue". The development is proposed pursuant to M.G.L. Chapter 40B and, in accordance with M.G.L. 40B, all local approvals for the proposed development are to be granted pursuant to a Comprehensive Permit to be issued by the Town of Walpole Zoning Board of Appeals (the "ZBA") instead of being granted individually by other permitting authorities.

Under M.G.L. Chapter 40B, the ZBA performs a complete technical review of the Applicant's plans and specifications during the Comprehensive Permit hearing, including but not limited to site plans, grading, stormwater management, erosion and sediment control, etc. All the work proposed on the development will be (i) performed in accordance with the plans of record approved by the ZBA or its designee, (ii) subject to the conditions contained in the Comprehensive Permit, and (iii) the inspections of the ZBA or its designee for compliance with the plans of record and the Comprehensive Permit.

The Applicant, Wall Street Development Corp., hereby requests waivers from the Local Requirements as follows:

1. Board of Appeals 40A Rules and Regulations:

The Zoning Board of Appeals (the "ZBA") Rules and Regulations are designed to address applications for Special Permits and Variances under M.G.L. c. 40A. As an affordable housing development, the Applicant seeks approval for Diamond Hill Estates pursuant to M.G.L. Chapter 40B. Accordingly, the proposed development will comply with the ZBA's 40B Rules (except for the provisions thereof from which waivers have been requested), and all local approvals for the proposed development are to be granted by a Comprehensive Permit issued by the ZBA. The applicant therefore requests a waiver from the ZBA's 40A Rules and Regulations and Section 2 of the Zoning Bylaws.

2. Board of Appeals Comprehensive Permit Regulations:

The Comprehensive Permit Regulations (“ZBA 40B Regulations”) dated November 20, 2019 are designed to address applications for comprehensive permits submitted under M.G.L. c 40B, sec. 20-23. The 40B Regulations are inconsistent with Chapter 40B and the regulations promulgated by the Executive Office of Housing and Economic Development (“EOHED”) under 760 CMR 56.00 (the “Regulations”). The sections of the ZBA 40B Regulations that are inconsistent with the Regulations can be summarized as follows:

- Section 3.2.10 – Recreation and Open Space Amenities
- Section 3.2.12 – Pro Forma
- Section 3.2.13 – Impact Analysis of the Natural and Built Environment
- Section 3.2.14 – Traffic Impact Report
- Section 3.2.15 – Statement of Impact on Municipal Facilities and Services
- Section 3.2.16 – Statement of Demonstration of Compliance with Walpole’s Master Plan and Open Space Plan
- Section 3.2.19 - Payment of Filing Fee

The requirements of the above outlined sections of ZBA 40B Regulations are in excess of the requirements to be included with an application for a comprehensive permit under M.G.L. c. 40B and as provided for in the regulation at 760 CMR 56.05(1) and (2).

In addition, the ZBA 40B Regulations in Section 5.2 states:

“The Board shall open a public hearing on a complete application within thirty days of its receipt thereof provided that said complete application includes the filing fees and all the information required by these regulations. Unless one or more of the items of information required by these Regulations is waived by the Board, an application will not normally be deemed complete if it does not contain all of the filing requirements established herein.”

The provisions of Section 5.2 of the ZBA 40B Regulations are inconsistent with and contrary to the provisions of the Regulation at 760 CMR 56 (2) which states:

“The Applicant shall submit to the Board an application and a complete description of the proposed Project. Normally the items listed below will constitute a complete description. Failure to submit a particular item shall not necessarily invalidate an application.”

Based on the information outlined above, the Applicant requests a waiver of the above referenced provisions of the ZBA 40B Regulations.

3. Walpole Rules and Regulations Governing the Subdivision of Land:

The proposed development of Diamond Hill Estates does not involve a "subdivision" within the meaning of the Subdivision Control Law, M.G.L. c. 41, sec. 81K - 81GG. The Planning Board Rules and Regulations Governing the Subdivision of Land have no applicability to the proposed development. However, to the extent that such regulations, or any part thereof, were to be deemed applicable, the Applicant hereby requests a waiver from such Regulation or part thereof to the extent that such regulation would affect the proposed development as shown on the plans.

4. Planning Board Site Plan Review Rules:

As the development is proposed under M.G.L. Chapter 40B, the Zoning Board is the permit granting authority for all local approvals for the proposed development. To the extent the Site Plan Review Rules in Section 13 of the Zoning Bylaws are deemed applicable to the proposed development, the Applicant requests a waiver for the reasons described in Section 1, above, which is incorporated herein by this reference.

5. Walpole Stormwater Management and Erosion Control Bylaw:

To the extent that any provision of the Walpole Stormwater Management and Erosion Control Bylaw is deemed applicable to the proposed development, a waiver of such provision is hereby requested because the proposed development will be governed by the Commonwealth of Massachusetts Stormwater Management Standards and Stormwater Policy Handbook
