PLEASE BRING THIS REPORT WITH YOU TO TOWN MEETING

September 27, 2021

To The Citizens of Walpole:

The Finance Committee's primary role is to review all warrant articles submitted for consideration at Town Meeting and make the primary recommendation on said articles. We, the members of the Finance Committee, look at the pros and cons of each article and the impact on the Town and the Citizens of Walpole. We have completed our deliberations on several of these and the other matters before us. However, our recommendations are just that recommendations. We ask all of you to complete your own review and analysis of these important decisions and convey your thoughts to your elected Representative Town Meeting Members (RTM). The Finance Committee will hold a public hearing on Tuesday, October 19, 2021 at 6:00 p.m. This will be an in person meeting at Bird Middle School. We invite all citizens to ask questions and voice your opinions with regard to the articles comprising the 2021 Fall Town Meeting Warrant. Below is a summary of each article. Our recommendation for each can be found in the attached warrant.

Article 1 is standard language that allows any committee of the Town to come before Town Meeting.

Article 2 is a supplemental budget article for the fiscal year 21-22. Additional funds have been identified as new growth is coming in higher than expected. Town administration and the Select Board have identified three budgets for adjustment.

Elections - \$30,000 for a special election scheduled for November 2nd asking voters to approve a debt exclusion override for a new combined middle school. Early voting will be available and increased absentee/mail in ballot processing is expected.

Legal - \$50,000 The Zoning Board of Appeals plans to actively defend its position on several applications that have come before them.

Fire Dept. - \$350,000. Approximately \$150,000 is need to maintain operations at the East Walpole Station. Of this \$100,000 for vacation coverage overtime. During Covid vacations were put on hold. In article 9 the Town seeks to purchase two new fire engines. In Article 2, \$200,000 is being requested to outfit the new engines.

Articles 3 would transfer \$716,914 Free Cash to fund the Other Post-Employment Benefits (OPEB) Liability Trust Fund authorized by Massachusetts General Law (MGL) Chapter 32B, Sec. 28. Our OPEB account balance is \$6,430,377 as of June 30th 2021. OPEB benefits are in addition to pensions and generally take the form of health and dental insurance, vision plans, prescription and other healthcare benefits provided to eligible municipal retirees, including in some cases their beneficiaries. This is a recurring article and the amount is set by a formula approved by the Select Board and Finance Committee about three years ago. This is in addition to amounts carried in the annual budget.

Article 4 would transfer \$1,000,000 from Free Cash to the Stabilization Fund. Stabilization is our "rain day" reserve. This fund balance has a significant impact on our bond rating and our ability to borrow. The account balance as of June 30th 2021 was \$9,025,519.

Article 5 asks town meeting to reaffirm the 1968 Town Meeting vote establishing a Capital Stabilization Fund and transfer \$1,000,000 from Free Cash to the Fund. This account will be a special purpose reserve account. Making regular contributions to this account will provide a funding source for future large capital budget items.

As a stabilization account the appropriation of funds from this account would require a 2/3 vote of town meeting. Like other reserves this account will have a positive impact on our bond rating and our ability to borrow.

Our certified "Free Cash" for the year ended June 30, 2021 was \$9,025,519. We don't expect this to recur at this level moving forward. The impact of the Covid pandemic greatly influenced this "Free Cash" accumulation. During the budget process in the spring of 2020, the economy was essentially shutdown. The town financial team took a conservative approach when projecting revenue. Additionally, many budgets returned unexpended funds. Below are the top 10,

Local receipts in excess of projections	\$1	1,819,000
Tax Title proceeds	\$	920,000
Prison Mitigation	\$	800,000
General Fund - school receipts	\$	293,891
Insurance	\$1	l,196,560
Overlay	\$	671,000
Reserve Fund	\$	460,000
Unemployment	\$	316,000
Debt Service	\$	355,000
Snow & Ice	\$	213,000

See the Capital Budget Schedule at the back of this booklet for Articles 6-12 detailed listings.

Article 6 seeks \$4,417,395 from Free Cash and reappropriation of prior Capital Appropriations to fund various infrastructure improvements, repairs, and/or replacements. Several big ticket items are included: \$800,000 street light conversion to LED's with a payback from energy savings of about 3-4 years. This may also qualify for Green Community Grants. \$532,000 to replace playground equipment at the center pool and the four elementary schools. All five areas will be ADA accessible facilities. \$650,000 traffic signal construction at Washington, Short and Polley. This is a dangerous intersection and a solution is needed. \$760,000 Walpole High School retaining wall repair/replacement, drop off drive way extension and added parking. Activity backs out on Common Street every day and is a safety issue. \$425,000 Blackburn Hall roof replacement and AC for the second floor.

Article 7 seeks \$1,322,793 from Free Cash and the Ambulance Revolver for Capital Equipment Purchases. — These include replacing a DPW dump truck with sander, a Police cruiser and five DPW/Town administration vehicles. The Fire Dept. has a plan to replace turn out gear and other equipment at regular intervals. This year's request would replace 20 sets of turn out gear, 13 radios, 6 thermal imaging cameras.

Article 8 seeks \$64,900 from Free Cash and \$771,099 of Chapter 90 Funds for Paving and Road Improvements.

Article 9 each year town meeting is asked to approve borrowing to supplement the chapter 90 paving funds. These have been 3 year borrowings of at least \$200,000 each year. Due to the favorable

barrowing environment, this year town meeting is being asked to approve \$1,050,000 for roads, sidewalks and parking and an additional borrowing of \$775,000 for two replacement fire engines. These engines are being subsidized by a federal grant awarded.

Article 10 seeks to use \$911,000 of Water Enterprise retained earnings to fund a dept. vehicle replacement, replace water meters this is a recurring request, and phase 2 of the SCADA upgrade. SCADA is a water treatment control system. The current system is out dated and replacement parts are not readily available. Current retained earning balance is \$2.785 million

Article 11 seeks to use \$1,020,000 of Sewer Enterprise retained earnings to fund meter replacement, Delaney sludge system repairs, and Morningside PSTA rehabilitation. The current retained earning balance is \$1.995 million.

Article 12 seek \$2,800,000 in Water Enterprise barrowing for water main replacement. This is an ongoing project to replace unlined cast iron mains with lined piping. Lined pipes is less prone to leak and provides clearing water.

Article 13 is for the annual transfers to the School Department budget: Would transfer \$293,892 from Free Cash to the School Department. These funds are Medicaid and student parking fees received in FY 2021. The Medicare receipts are a partial reimbursement for expenses incurred by the School Department in the prior year. Parking receipts are collected in June for the upcoming school year. These fees close out to Free Cash on June 30th. These reimbursements were anticipated when the School Committee set its budget for FY2022. This article releases the funds to the School Department.

Article 15 annual road acceptances.

Article 16 seek to amend the Zoning By-laws by changing Town owned property known as the Route 1A sports field complex from Rural to Park, School, Recreation and Conservation. This property is already deed restricted. This article is basically housekeeping in nature to reflect the deed restriction on the zoning map.

Article 17 citizen's petition. The petitioner is requesting the Select Board petition the general court for an additional Wine and Malt Package Store License specifically for the East Walpole Center overlay district. Approval of this article and granting by the State does not guarantee the petitioner the license. The application and vetting process must be followed before the Select Board grants the license.

Dear Walpole Resident,

With the Fall Annual Town Meeting now here, it is time once again to consider a variety of articles. Town Meeting will be held on Saturday October 23rd at the Walpole High School starting at 10:00 AM. Representative Town Meeting members will work to consider an extensive Capital Budget that will address the Town's equipment and infrastructure needs. Members will also be asked to consider whether or not to construct a new middle school at the current site of the Bird Middle School.

I would like to express my appreciation to the Finance Committee and all our department heads and staff in preparing for this Town Meeting. I would also like to express my gratitude to the Select Board for their continued support and leadership. I urge all Walpole residents to check the Town's website at www.walpole-ma.gov for additional information relating to Town Meeting. Thank you for taking the time to review the warrant booklet.

Very truly yours,

James A Johnson Town Administrator
