

Project Advisory

Walpole Rt 1A Reconstruction Project

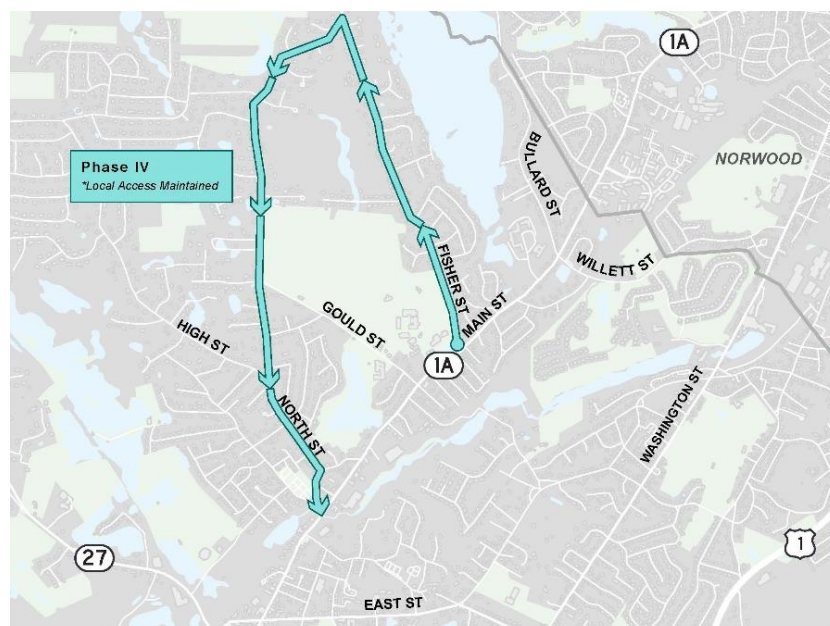

Overnight Work Scheduled to Resume Along Route 1A

What is happening?

Beginning Sunday May 21, the Contractor will resume full depth roadway reconstruction along Route 1A (Main Street) during overnight hours. Work will begin at the Davis Street intersection and move south down Route 1A. The Contractor will be removing existing sidewalk and curb leading up to this work. Additionally, during the week of May 28, the Contractor will be relocating fire hydrants around the Agricultural School.

How will this affect you?

Excavation will take place overnight, from 7:00 PM to 5:00 AM, Sunday through Wednesday each week. On Thursdays, the roadway will receive initial layers of pavement. During overnight work, traffic will be rerouted through the detour below. The scheduled fire hydrant relocations will require service interruptions.

How can I find more information?

Stay up-to-date and informed by following the [@MassDOT](#) twitter account and [Mass 511](#) for real-time updates, visiting the project website, or emailing us with any questions. The project team will continue to monitor the project inbox during this pause in work.
