Chairman John Lee
Zoning Board of Appeals

Re: Cedar Edge - Updated plans sent March 16, 2020

Mr. Chairman,

On March 16, 2020 55 SS LLC sent electronic copies of updated plans to include in the boards review. The plans sent are elevations and footprints of the five new single-family homes that we intend to build at the site. In addition, a plan showing a portion of the site at the front entrance of the project with the new single-family home footprints was included for your reference. The list of plans delivered is as follows:

- A0.1 Cedar Edge Streetscape March 2, 2020
- A1.1 Model A Plans and Elevations March 2, 2020
- B1.1 Model B Plans and Elevations March 2, 2020
- C1.1 Model C Plans and Elevations March 2, 2020
- D1.1 Model D Plans and Elevations March 2, 2020
- E1.1 Model E Plans and Elevations March 2, 2020
- Portion of Layout Materials and Plan 5 of 5 showing revised single-family homes, driveways and road loop dated March 16, 2020.

The single-family home plans replace the single-family home plans dated January 8, 2020 provided to the ZBA with the initial application.

Please do not hesitate to contact us if you have any questions.

Regards,

Leslie French
