

Permit Number

TOWN OF WALPOLE

Application for Permit for Sewer System Extension or Connection

Construction plans must be submitted with this application.

Applicant Information:

Wall Street Development Corp.

Name P.O. Box 272

Street Address _____

Westwood, MA 02090 02090

City/Town 617-922-8700 lou@wallstreetdevelopment.com

Telephone Number (include area code and extension) Zip Code
E-mail (optional)

Project Information

1. Type of Project:

Sewer Extension Sewer Connection Industrial Connection

2. Number of Residences to be Served 12

3. Number of Bedrooms 26

4. Sewage Design Flow (gallons per day) 2,860 gpd

5. Location, Length, Size and Capacity of Sewers to be Connected to the existing system (attach sketch)

a. Private Way - Off Dupee Street

Name of Street		
<u>600 +/- lf</u>	<u>8" Inch</u>	<u>1.7 MGD</u>
Length of Sewer	Size of Sewer	Flow Full Capacity

b. _____

Name of Street		
_____	_____	_____
Length of Sewer	Size of Sewer	Flow Full Capacity

c. _____

Name of Street		
_____	_____	_____
Length of Sewer	Size of Sewer	Flow Full Capacity

6. Location, Length, Size and Capacity of Pumping Stations to be Connected to the existing system:

a. N/A

Pump Station Location

Number of Pumps

Pump Size

Pump Capacity

b.

Pump Station Location

Number of Pumps

Pump Size

Pump Capacity

7. General Description of Sewers and Pump Stations within the existing sewer system which will transport the flow from the proposed sewer extension of connection to the receiving Wastewater Treatment Facility. If the sewer extension or connection includes a privately owned pump station, the application must include documentation detailing plans for the continual operation, maintenance, financial assurance for emergency repair and long-term replacement of the privately owned pump station.

The proposed sewer will connect to the existing sewer on Dupee Street which runs into existing sewer in High Plain Street.

8. Does the discharge contain any industrial waste? _____ Yes No

If yes, list any pollutants which you know or have reason to believe are discharged or may be discharged. For every pollutant you list, please indicate its approximate concentration in the discharge and any analytical data in your possession which will support your statement. Additional wastewater analysis may be required as part of this application.

Pollutant

Concentration

Analytical Data

9. Does the discharge contain any industrial waste containing substances or materials which could harm the sewers, wastewater treatment process, or equipment; have an adverse effect on the receiving water; or could otherwise endanger life, limb, public property, or constitute a nuisance?

_____ Yes No

10. Do the wastewaters receive any pretreatment prior to discharge?

Yes No If yes, provide detailed description

11. List, in descending order of significance, the four(4) digit standard industrial classification (SIC) Codes which best describe the facility producing the discharge in terms of the principal products for services provided. Also, specify each classification in words.

SIC Code

Specify

A.

12. Is the Proposed Discharge Consistent with Existing Sewer Use Regulations?

Yes No

13. Is there a site of historic or archeological significance, as defined in regulations of the Massachusetts Historical Commission, 950 CMR 71.00, which is in the area affected by the proposed extension or connection?

Yes No

14. Does this project require a filing under 301 CMR 11.00, the Massachusetts Environmental Policy Act?

Yes No

If yes, has a Filing been made?

Yes No

15. Name and Address of Mass. Registered Professional Engineer Designing Proposed System.

GLM Engineering Consultants, Inc.

Name

19 Exchange Street

Street Address

Holliston, MA

01746

City/Town

Zip Code

General Conditions

- a. All discharge authorized herein shall be consistent with the terms and conditions of this permit and the approved plans and specifications. The discharge of any wastewater at a level in excess of that identified and authorized by this permit shall constitute a violation of the terms and conditions of this permit. Such a violation may result in the imposition of civil and/or criminal penalties as provided for within the Town of Walpole.
- b. After notice and opportunity for a hearing, this permit may be modified, suspended, or revoked in whole or in part during its term for cause including, but not limited to the following:
 - 1. Violation of any terms or conditions of the permit;
 - 2. Obtaining a permit by misrepresentation or failure to disclose fully all relevant facts; and
 - 3. A change in conditions or the existence of a condition which requires either a temporary or permanent reduction or elimination of the authorized discharge.
- c. In the event of any change in control of ownership of facilities from which the authorized discharges originate, the permittee shall notify the succeeding owner or operator of the existence of this permit by letter, a copy of which shall be forwarded to the Sewer & Water Commission. Succeeding owners or operators shall be bound by all the conditions of this permit, unless and until a new or modified permit is obtained.
- d. The issuance of this permit does not convey any property rights in either real or personal property, or any exclusive privileges; nor does it authorize or relieve the permittee of any liability for any injury to private property or any invasion of personal rights, nor any infringement of Federal, State, or local laws or regulations; nor does it waive the

necessity of obtaining any local assent required by law for the discharge authorized herein.

- e. The provisions of this permit are severable, and invalidity of any condition or subdivision thereof.
- f. All information and data provided by an applicant or a permittee identifying the nature and frequency of a discharge shall be available to the public without restriction. All other information (other than effluent data) which may be submitted by an applicant in connection with a permit application shall also be available to the public unless the applicant or permittee is able to demonstrate that the disclosure of such information or particular part thereof to the general public would divulge methods of processes entitled to protection as trade secrets in accordance with the provisions of M.G.L. c21, §27(7). Where the applicant or permittee is able to so demonstrate, the Sewer & Water Commission shall treat the information or the particular part (other than effluent data) as confidential and not release it to any unauthorized person. Such information may be divulged to other officers, employees, or authorized representatives of the Commonwealth or the United States Government concerned with the protection of public water or water supplies.
- g. Transfer of permits
 - (1) Any permit issued pursuant to these regulations is valid only for the person to whom it is issued, unless prior to transfer:
 - (a) The current permittee notifies the Sewer & Water Commission at least 30 days in advance of the proposed transfer date; and
 - (b) The notice includes a written agreement between the existing and new permittees containing a specific date for transfer of permit responsibilities and liability to the new permittee.

Special Conditions

Inflow and Infiltration

1. No connection to the sewer system of any building represented or provided for within this permit shall be allowed until such time that the applicant or property owner has fulfilled the Inflow and Infiltration remediation requirement in accordance with the most recently established removal formula and ratio of the Sewer & Water Commission.

In lieu of the above, surety in the form of payment to the Town of Walpole can be made. Said payment shall be in accordance with the most recently established Sewer & Water Commission's I&I Fee and Ratio.

Town Engineer Review

1. A copy of this permit and attached plan must be submitted to the Town Engineer for review and comment 30 days prior to seeking approval of the Sewer & Water Commissioners.
