This is to state our strong opposition to the Zoning Board and Conservation Committee on the proposed 28 unit development on Pinnacle Drive.

In the past 20 years this has been a street of single family homes There are 21 homes on 21 lots and now they are proposing to add 28 units on one lot.

This is not balanced city planning.
It will cause Enviromental issues
along the Neponset River,
as well as congested traffic and safety issues.

We would like the Town of Walpole
to act on our behalf and stop this
unfair development from going forward

Thank you
