Dear Local Officials,

I respectfully urge your support for the 55 Summer Street proposal in Walpole, Massachusetts by Omni Development.

The Cedar Crossing/Cedar Edge 40B proposal will add affordable housing choice in Walpole with quality ownership and rental opportunities to meet the rapidly growing housing need for a range of demographics and lifestyles.

Addressing this growing gap between housing supply and demand is critical to strengthening our community as a welcoming place for all while promoting economic development and generating significant new tax revenue for years to come.

Please consider my support for moving this proposal forward. Thank you.

Sincerely,

Rodney Wynn
