

Project Update

Walpole Rt 1A Reconstruction Project

Look-ahead – November 5, 2022 – November 26, 2022

This document provides a brief overview of construction operations and impacts for the Walpole Route 1A (Main Street) Corridor Reconstruction project over the next three weeks. We will also send dedicated notices and reminders for high-impact work, milestones, and changes. Weather and unexpected circumstances make all construction subject to change, but we will do our best to keep you updated.

Travel Impacts

Within the work zones listed below, drivers should expect alternating one-way traffic and potential delays during daytime hours.

Operations

Over the next three weeks, the Contractor will be working daytime hours constructing sidewalks, curbs, and driveways along Route 1A and continuing work at the Neponset Bridge.

Sidewalk/ Curb/ Driveway Construction

During daytime hours, the Contractor will be constructing sidewalks and curbs along both sides of Route 1A Mondays through Fridays. The Contractor will then come back and install concrete driveways.

****When installing driveways this requires a 3-day curing time which means that the homeowners will not be able to use their driveways. Homeowners will be notified in advance****

Schedule: Monday 11/7 – Friday 11/11; Monday 11/14 – Friday 11/18; Monday 11/21

Work Hours: Daytime 7AM to 3:30 PM.

Neponset Bridge

During daytime hours, the Contractor will continue working at the Neponset Bridge Mondays through Fridays. Both travel lanes will remain open. Pedestrian access is being maintained along the bridge's eastern side.

Schedule: Monday 11/7 – Friday 11/11; Monday 11/14 – Friday 11/18; Monday 11/21

Work Hours: Daytime 7AM to 3:30 PM.

Overall Project Status

Full depth road reconstruction, and intermediate course asphalt operations have ended for the 2022 season. Contractors have completed reconstruction of Hoover Street and made progress at the Neponset Bridge. Utility relocations are close to being completed.

Travel tips

Please take care to pay attention to all signage as it is posted. Police details, changes in lane markings, temporary controls such as barriers and traffic cones, signage, and other tools will be used throughout the project to control traffic and create safe work zones within the project limits.

How can I find more information?

Stay up-to-date and informed by following the [@MassDOT](#) twitter account and [Mass 511](#) for real-time updates, visiting the project website, or emailing us with any questions.
